

Sand squeaking gaily

as all your ships

are frolick in the sea (on east
hobby)

So smooth sand

ice-cream is melting from the cup

drying very deep

eyes hiding in the sea

Shells shining in the yellow sand

eeels swimming in the clear water

all the sea creatures playing in the sea

Sea birds flying in the sky

in the sea lives a shark

dolphins diving into the sea

early in the morning the sea is rough
