Dear Parents,

SchoolPix Photographs – Sale or return

We are delighted that the school photos have arrived and hope you are pleased with your pack.

The photo of each individual pupil costs £10. These can be purchased online using the QR code on the back of the photo or by sending £10 to your child's teacher, or via Parentpay.

The photos have been taken on a sale or return basis, so if for whatever reason, you chose not to purchase the photo you can return them, unopened to school without obligation before the end of the week.

It is our understanding that if you wish to purchase additional copies, or family groupings, these options are available using the QR code for 'Online shopping' on the back of your child's photo and there is a 20% discount on some order combinations. We in school do not have access to this information so the purchase of family groups should be made online.

If you have any difficulties, please call into the office with your pack and we will do our best to assist you.

Yours faithfully

I. McKane
Principal
